BISHOP POTTER

Severely Criticized Concerning His Centennial Sermon.

"JEFFERSONIAN SIMPLICITY MEANS JACKSONIAN VULGARITY."

He Says "Vulgarity" as He Used It "Did Not Refer to Manners, But to the Political Atmosphere"—He Had No Thought of Assailing the Personal Character of Andrew Jackson.

New York, May 4.—Bishop Potter has been much criticized for his use of the phrase that "Jeffersonian simplicity means Jacksonian vulgarity," during his centennial sermon. In an interview Thursday he explained the remark as follows:

"Vulgarity, as I used it, did not refer to manners, but to the political atmosphere. Vulgar means 'common.' The manners of the people may be very high, but the moral tone very low. Look at some countries in Europe, and the bishop named them. Now you catch the idea. I am not 'mugwump.' I've been a Republican all my life, but I hate 'tuff' and platitudes. Besides there were plenty who were sure to pay sounding compliments to Mr. Harrison and the nation that honors him. I wasn't needed for that. 'Apply what I said regarding my estimate of the presidential office to the present situation. How much time has Harrison given to statesmanship? not an hour! not an instance, so far as anybody knows. He was put where he is to maintain the nation's dignity, to protect the rights of the poor and rich, to rule, not to engage in bawdy and trade. But alas, what a spectacle we have! We behold the president of the United States of America intent only on getting congressmen out of the house at night so that he can go to bed! What's the use of beating about the bush in this matter? it makes me very tired!'"

"Then you had no thought of assailing the personal character of Andrew Jackson?" "Not in the slightest," replied Bishop Potter, "but I cannot forget that under the Jackson regime the hateful dictum was pronounced, 'To the victors belong the spoils.'"

"What is your definition of plutocracy?" "When I speak of this as the era of the plutocrats nobody can misunderstand me. I don't intend that they shall. Everybody has recognized the rise of money power. Its growth not merely stifles the independence of the people, but the blind believers in money's omnipotent power assert that its liberal use condones every offense."

"The pulpit does not speak out as it should. These plutocrats are the enemies of religion as they are of the state. And, not to mince matters, I will say that while I had the politicians in mind prominently, there are others. I tell you I have heard the corrupt use of money in the elections and the sale of the sacred right of the ballot openly defended by ministers of the gospel. I may find it necessary to put such men of the sacred office in the public pillory."

"The social tendencies in the great cities outside of politics are most inspiring, most elevating. But the spoils system, and its related vice, the purchase of votes, are things to be afraid of, to be jumped upon and strangled."

An Inoffensive Man Roughly Treated.

CHICKSTON, Minn., May 4.—A terrible and fiendish outrage was committed here Wednesday night on the person of an inoffending citizen named Jake Zumbolt. He was taken from his room at the Cleveland house and was found, gagged and unmercifully beaten. Then he was taken to the outskirts of the town and tarred and feathered, a rope was placed around his neck, and he was dragged a mile and left for dead. Finally he recovered and informed the police. He now lies in a precarious condition, with little hopes of recovery. His assailants were Billy Welsh, Toby Valare, Nick Funk and Charles Bloodhorn. They have been arrested and placed in jail.

An Insane Asylum Crime.

CHICAGO, May 4.—Coroner Heit is investigating the death of Robert Burns, a patient in the insane asylum at Jefferson. A reporter named Beck is the chief witness against three attendants—Richardson, Crogan and Pecha. The reporter feigned insanity and had himself admitted to the asylum, where he witnessed the cruelties which led to Burns' death. Beck remained in the asylum ten days, when friends secured his release against the protest of the superintendent, who declared him hopelessly insane. The three attendants were held for murder.

Knocked Out by a Reporter.

SAN FRANCISCO, May 4.—Paddy Ryan, ex-champion heavy-weight, was knocked out Wednesday night by a newspaper reporter weighing about 150 pounds. Ryan insulted Wells, the reporter, who knocked Ryan down three times on the sidewalk. Ryan was finally rescued by his friends. His face was so badly bruised that he did not appear Thursday at the saloon where he is employed as a bouncer.

Wild Reports of Mexican Riots.

CITY OF MEXICO, May 4.—The dispatches sent out from Texas purporting to give details of the rioting at Silao and Guanajuato are gross exaggerations. The prefect at Silao was assassinated Wednesday, and his was the only life lost in the whole affair. The authorities have restored order, and today everything is quiet.

Murderer Acquitted.

CROWN POINT, Ind., May 4.—Hansen, who killed Brill, of Chicago, at Cedar lake, was acquitted Thursday, the jury being out but ten minutes. The verdict meets with general approval here. Fear of conviction affected Hansen so that insanity was apprehended for a time.

Coach Struck by a Train.

PHILADELPHIA, May 4.—A two-horse coach containing a number of passengers was struck by a train on the Pennsylvania railroad, at the Bridesburg crossing at an early hour. Four were badly injured. F. K. Womrath and James Dungan were killed.

"OUR SAVIOR."

Mrs. Frank Leslie to Give Away a Valuable Work of Art.

New York, May 4.—Mrs. Frank Leslie has received letters from Lord Ronald Gower, informing her of his purpose to present, through her, to some public gallery or collection in New York his colossal marble bust of "Our Savior," called "It Is Finished," now in the Royal academy of London. This work of art, which is now on its way to this city, will be accompanied by the plaster casts of the Shakespeare monument, in bronze, lately presented by Lord Ronald Gower to the Stratford-on-Avon, and which he desires Mrs. Frank Leslie to tender to some "public collection of casts of a Shakespeare or artistic gallery."

Mrs. Frank Leslie has not yet determined the ultimate disposition of the marble Christ, but it is probable that it will be transmitted either to the Metropolitan Museum of Art or to the St. Patrick's cathedral.

CYCLONE IN THE SOUTH.

Many Buildings and Acres of Strawberries Destroyed.

RALEIGH, N. C., May 4.—Warsaw, in the eastern part of the state, was struck by a terrible cyclone Thursday. Hail fell in large quantities. Many small houses were blown away almost bodily. Large houses were torn up so that they were not habitable, the seminary building was split open and nearly destroyed, the Presbyterian church was totally demolished, not a stick of timber being left that may be used in rebuilding. Fences were torn up and scattered like leaves. No loss of life is reported, but many people were seriously hurt by the flying timbers. Strawberries are the principal article of early production here. Hundreds of acres were ruined.

MINERS' STRIKE.

Two Thousand Quit Work in the Brazil, Ind., District—Various Other Strikes and Labor Troubles.

BRAZIL, Ind., May 4.—The block coal miners of the district, 2,000 in number, quit work Thursday because of a disagreement with the operators over a yearly scale rate. Of 1,000 bituminous miners less than 100 are at work, though their difference is within two and one-half cents of adjustment.

Quarrymen Strike for an Advance.

JOHNETT, Ill., May 4.—The quarrymen in the Joliet Stone company's quarry went out on a strike, asking for \$1.75 instead of \$1.50 per day, the wages heretofore received. The strikers drove the men out of the eleven quarries. The Joliet Stone company agreed to the demands of the strikers. The other companies will follow and work will be resumed.

Injured by Strikers.

UNIONTOWN, Pa., May 4.—Two colored non-union miners named John Williams and Robert Jackson, who have been working at the Stewart Iron company's coke works since the strike, were murderously assaulted while on their way to work by a crowd of the locked out men. They were terribly injured.

Strike on the C. and O.

AUGUSTA, Ky., May 4.—All the section hands on the Chesapeake and Ohio railroad at this place and Dover, to the number of 40, struck, owing to a cut in their wages of fifteen cents on the day. A general strike all the line is likely to occur. One man went to work and trouble is expected with him.

Returned at Reduced Wages.

ST. PAUL, May 4.—At a meeting of the striking street car drivers Thursday night, the strike was declared off, and the men will go back at the reduced wages. The company made the concession of agreeing to treat well the men regardless of their affiliations with labor unions.

Building Trade Strikers Hopeful.

PITTSBURGH, May 4.—The building trades' strike will probably result favorably to the workmen. Several contractors have granted the demands, and work has been resumed on a number of large buildings in course of erection, but a great many men are still idle.

Section Hands Strike.

MEGAUNEE, Mich., May 4.—Section hands on duty on the South Shore and Atlantic railway, between here and Marquette, struck Thursday for a raise of wages from \$1.25 to \$1.50 per day.

THE FIRE RECORD.

Kentucky's Institute for the Feeble-Minded Destroyed—Elsewhere.

LOUISVILLE, Ky., May 4.—The institute for feeble-minded at Frankfort has been destroyed by fire. No water could be had and the flames had their own way. All the inmates were saved. Loss, \$150,000; insurance, \$34,000.

At Pella, Iowa.

PELLA, Iowa, May 4.—An incendiary fire Thursday destroyed four buildings belonging to the Garden City Picking company, two carloads of harvesting machinery belonging to Von Der Muelen Brothers, and other goods. Loss \$35,000; insurance unknown.

At Peoria, Illinois.

PEORIA, Ill., May 4.—The Peoria Fuel company suffered a loss of property amounting to \$55,000 by an incendiary fire Thursday morning. Four barns on the bluff were also destroyed by an incendiary fire Thursday.

The Holdest of Burglars.

LITTLE ROCK, Ark., May 4.—Word has been received from Pochontas of the robbery of the safe of A. F. Snowflake. The thieves broke into the store arousing a clerk who fled in the rear room, and who ran out after an officer. While he was absent the robbers blew open the safe, the explosion awakening persons living near the store. The thieves, however, succeeded in escaping in the darkness. They carried off three drawers of the safe containing \$1,400, notes and valuable papers. The town is greatly excited.

COIL BOILERS.

They Have Proved Very Successful in Small Boats.

SECRETARY TRACY PROPOSES GIVING THEM A PRACTICAL TEST

In Some of Our Naval Vessels—New Hampshire People Object to the Removal of the Historical Old Constitution from Portsmouth to Washington. Secretary Windom Indisposed.

WASHINGTON, May 4.—Secretary Tracy has determined to give coil steam boilers a practical trial to test their value for use in large naval vessels. Secretary Whitney took the preliminary steps toward such a trial, and some manufacturers built boilers for the trial, but as the end of the administration was drawing near, the project was dropped.

Coil boilers have proved very successful in small boats, but they have not passed the experimental state in large vessels, although the French government has placed them in a number of warships. Part of the steam power for the armored coast defense vessel is to be generated by this type of boiler. It will be a long time, however, before the boilers of the coast defense vessels are tested, and in the meantime it is proposed to give these boilers a thorough test on land.

The special advantages they possess over the old type of marine boilers are in economy of weight and space, two very important factors in the construction of a modern naval vessel. Mr. Irving Scott, of the Union Iron works, San Francisco, said at the navy department to-day that the cruiser Charleston would go to sea in a day or two for her official trial. He expressed great confidence in her ability to do anything that the contract calls for.

A private telegram from a naval engineer who has been aboard of her and handled her engines says they are perfect in every particular, and predicts a successful trial. It would not be surprising if the first trial did not come up to contract requirements, for the Nantuxakon, on whose plans the Charleston has been built, had seventeen trials before she was finally successful. The Charleston is, however, believed to be a much better built ship.

The Old Ship Constitution.

WASHINGTON, May 4.—Secretary Tracy contemplates ordering the old ship, Constitution from the Portsmouth, N. H., to the Washington navy yard. Considerable opposition to the proposal transfer of the old battle ship comes from New Hampshire. One of the arguments used for the purpose of influencing Secretary Tracy's action, is that the removal of the old vessel will involve an expenditure of \$6,000.

Friends of the proposed transfer say the objection to the transfer on the grounds of expense, is a mere blind, and that the opposition to the removal of the historical man-of-war comes from the Portsmouth and other New Hampshire people, who regard the presence of the venerable relic as a source of profitable returns as well as of patriotic emotions.

Minister Pancefote Introduced.

WASHINGTON, May 4.—Secretary Blaine appeared at the state department looking very well and showing no traces of his recent illness. Soon after his arrival Sir Julian Pancefote, the new British minister, came to the department, accompanied by Mr. Edwards, the charge d'affaires, and Secretary Herbert, with several other attaches. The new minister was introduced to Secretary Blaine, who immediately proceeded with the party to the White House, where Sir Julian was formally presented to the president. The usual felicitous speeches were exchanged.

Secretary Windom Not Well.

WASHINGTON, May 4.—Secretary Windom is indisposed, as a result of his experience in New York, and did not go to the department nor did he attend the regular cabinet meeting. He expects, however, to be able to resume his official duties shortly. Assistant Secretary Batcheller is acting as secretary of the treasury during Mr. Windom's absence.

To Be Put Out of Commission.

WASHINGTON, May 4.—Orders have been issued from the navy department to put the Brooklyn and Essex, at New York, out of commission.

A Ghastly Sight.

INDIANAPOLIS, May 4.—A strange accident was witnessed in one of the streets of Indianapolis Thursday, when a team attached to a wagon loaded with coffins containing corpses that were being transferred from an old cemetery to a new cemetery became frightened and ran away. While dashing down the street at break-neck speed the wagon-tongue dropped and plowed into the ground. The wagon was upset, and the force of it carried it forward, landing it upon the backs of the horses. Coffins were scattered along the street. One burst wide open and the skull of a skeleton rolled out the ground, while bones were thrown about promiscuously.

Got Quite a Hunt but Not All.

PLAINFIELD, N. J., May 4.—The postoffice here was entered by burglars last night and the place ransacked. The door of the huge safe was drilled open, the combination lock being shattered into fragments. The inner vault, which contained a large amount of money and government securities remained intact, and it is supposed the robbers were frightened away before completing their work. The amount of plunder secured by the robbers cannot yet be estimated, but it is thought to be considerable.

NEW YORK, May 4.—Gen. Drake, of the Elizabeth zouaves, makes the statement that the badge which he pinned on the breast of Governor Gordon during the parade Tuesday was a zouave and not a Grand Army badge as has been stated. The general does not fear that the Grand Army will expel him for this act.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, MAY 4, 1889.

The centennial was an expensive thing for New York. The estimated cost to that State and city is placed at \$442,000.

BROTHER DAVIS is forever estopped from talking any more against "pewter plates" and "patent insides." See the Republican's "inside" to-day.

HON. JOS. A. WALTON, of Germantown, has been solicited to become a candidate for Representative in Bracken. Mr. Walton served his constituents faithfully in the last Legislature and deserves a re-election, if he desires the honor.

In April the Government paid out over \$13,000,000 for a trifle over \$10,000,000 of bonds. That illustrates the Republican way of doing business. Pile up the money in the treasury and then in order to get some of this big surplus back into circulation, where it belongs, they pay big premiums to the bondholders.

EVERY Northern State where prohibition does not prevail has now a high license law, with the exception of New York, New Jersey and Indiana. In Michigan the annual fee now for selling spirituous liquors is \$600 and for selling wine and beer \$500. Brewers, wholesalers and distillers must pay a tax ranging from \$250 to \$1,000. The selling of liquor by druggists is placed under stringent rules. High license seems to be the most successful plan of restricting the liquor traffic.

NEW YORK, May 2.—At a reunion of Grand Army veterans, at which Commander-in-Chief Warner was the chief guest, last night, Colonel Quick, of the Reception Committee, read an article from a morning paper which stated that Colonel Drake, of Drake's Zouaves, Elizabeth, met Governor Gordon, of Georgia, and planned his badge on the Governor's breast. Commander Burrows, of New Jersey, sprang to his feet and said that he would have the matter investigated, and if he found that the article was true Colonel Drake should be court-martialed and expelled.

The act of Colonel Drake will no doubt damn him in the eyes of bigots, but it shows the spirit that should dwell in the hearts of all who have the interest of the country at heart. Sensible people will applaud him.

Appropriations—Borrowing Money.
In a recent decision the Court of Appeals says:

First—The appropriation by the County Court of money to build bridges is not a judicial act, and may be set aside at a subsequent term of the court, unless individual rights have become involved.

The applicant having made such an appropriation, set it aside at a subsequent term of the court. Thereupon citizens of the county filed their petition asking for a mandamus compelling the County Court and its Commissioners to construct the bridges as directed by the original order appropriating the money for that purpose. Held—That the County Court having complete power over the subject, the mandamus should have been refused.

Second—A county, in the absence of legislative authority, has no power to borrow money and execute its obligations therefor, although the purpose may be to apply the money to the use of the public.

A Card From P. P. Parker.

To the Democrats of Mason County: As I have been reported throughout the county that W. W. Ball would have charge of the County Clerk's office in the event of my election, this is to certify that, if elected, I most certainly will fill said office myself, and said Ball will not be my Deputy. I pledge my word of honor to that effect. Very respectfully,

How would it do now that corn planting is done, fences all reset, and the gardens made for office-seekers to have a picnic once a week in alternate precincts in the day of the primary—music, orating, lemonade, &c. Let us hear from you.

Aris T. Wiggins, having concluded to join the procession from Mason to the blue grass region, has sold his 115-acre farm lying on the Sardis and Blue Lick pike as follows: Three payments, 30% notes to George W. Styles, at \$5 per acre; 75% acres to Richard Ellis, of Mt. Olivet, for \$75 per acre.

The people's candidate for the Legislature, Dr. John M. Frazer, was here accompanied by Judge Coons, May 1st. The office sought is high, which ought always to be the case, and he will be chosen at the county convention as our standard bearer. He is a man of imposing physique, pleasant address, and will make "old Mason" a creditable Representative.

Judge Will-on has the original log cabin Baptist Church built in 1799 in Maysville, enclosed as a grain and stock barn, every log intact save one. It ought to be put on wheels and head the procession at the forthcoming centennial. The original who sailed into the sacred walls could not help being eloquent, for the shade of the mighty dead—the Linnigs, Greaths, Wallers, Warders, Masons and Helms—would inspire him. The commemorative services at the new church on the hundredth anniversary of the original organization will be marked by the revival of many interesting historical incidents.

The Chesapeake and Ohio people have been notified by the Pullman company that the vestibule trains and dining cars built for the C. and O. are completed and ready for delivery. They will in all probability be put on the road next Monday week, the 12th inst., when the new time card goes into effect.

A special from Washington, O., says work began there Wednesday on the Pittsburg, Cadiz and Ohio Railroad. This is the fifth road of the Black Diamond system, and will run from Pittsburg, through Cadiz, Freeport, Washington, McConnellsville and Athens, terminating at Maysville, and is a revival of the Pittsburg, Maysville and Cincinnati Railroad, projected in 1853.

In view of the persistent violation of the Inter-State Commerce law by the railroads and the prospect that some of officials may be convicted and sent to prison, it has been suggested that each road employ an official who shall be responsible for all violations of the law and whose sole duty it shall be to go to prison whenever his road is convicted. Such a practice prevails in Germany, where leading papers employ a "responsible editor," who has no other duties to perform than to go to prison whenever the paper is found guilty of libel.—Exchange.

An effort was made in the last Legislature to abolish the State Railroad Commission. The attempt was not successful. There was really no good cause for abolishing it. As an evidence of the good work it is doing the following is quoted from the Owensboro Inquirer: "The L. and N. reported its value for 1888 taxation, \$10,800,983; the Commission raised it to \$16,236,904; increased value, \$5,435,920, or 50 per cent.

"The Kentucky Central and branches reported its value for taxation in 1888, \$6,087,175; the Commission raised it to \$7,719,945; increase, \$1,632,770, or 26 per cent.

"The Elizabethtown, Lexington and Big Sandy reported its value for 1888 taxation, \$1,352,775; the Commission raised it to \$2,622,785; increase, \$1,270,010, or nearly 100 per cent.

"Yet some people say it doesn't pay to keep up the Railroad Commission."

Eighty-four thoroughbred horses were sold at Lexington this week for \$60,920, an average of \$725.

The tobacco sales in Louisville and Cincinnati last week ranged from 2 to 4 cents per pound higher than usual.

It is reported that Governor Stanford has offered Charles Backman \$55,000 for Kentucky Prince, sire of Guy, 2:12. A correspondent of the Covington Commonwealth says there is a scarcity of tobacco plants in Owen County, and that the crop will be greatly reduced in that section.

W. H. Wilson, of Abdallah Park, Cynthiana, has sold to Hubinger Bros., of New Haven, Conn., his entire crop of Wilkes Brino toals of 1889, nine in number, at prices ranging from \$350 to \$750 each.

The Warsaw Independent says: "There never was a greater scarcity of tobacco plants at this season of the year, and the continued drouth now indicates that not one-fourth of a crop will be raised in the white burley district because of the scarcity of plants. Out of over two hundred inquiries made of regular tobacco growers but about ten have stated they have plant beds of any consequence, and that is about the situation elsewhere."

THE UNIONISTS.

A Quiet Movement Towards Mr. Gladstone and Home Rule,

GENERALLY OUTSIDE THE ABSOLUTE LEADERS OF THE PARTY.

The Defeat in Birmingham and the Chamberlain-Churchill Exchange of Letters Has Been Too Much for 'Em—Retiring Consul General Walter Compliments Messrs. Lincoln and New—Notes.

LONDON, May 4.—An interview with Mr. William S. Cairne, Unionist member of parliament for Barrow-in-Furness, leaves the impression that he would like to declare himself for Mr. Gladstone and Home Rule, but that he does not yet feel able to leave his friends on the other side of the house. There has been going on quietly within a short time a revolution of feeling among the Unionists generally outside the absolute leaders of the party towards Mr. Gladstone and the cause the Grand Old Man so gallantly supports.

Since the Birmingham fight and the exchange of bitter letters between Chamberlain and Churchill, many of the Unionists whose interest in their party was languid at best, are about willing to seize upon almost any pretext to get out of the anomalous position in which they find themselves.

Lacks the Necessary Nerve. Mr. Cairne is one of these, but he apparently lacks the stamina to make the leap. He said that it was possible that he might retire shortly, that he could not desert his friends. If many others who find themselves in the same condition as Mr. Cairne would resign, Gladstonians feel that this would open the way for their seats to be occupied by Home Rulers. A movement is on foot now looking to this very object, as it is believed before the next session of parliament the seats now occupied by some of the Unionists will be empty and ready for contesting.

Consul General Walter Banquetted. LONDON, May 4.—Consul General Walter made his retiring bow to the British public Thursday evening at a testimonial banquet given by hundreds of friends at the Metropole. The bow was made to the satisfaction of all concerned, preceded by an excellent speech and an excellent dinner, delightful music, brilliant decorations and a still more brilliant flow of genial talk, for genial and brilliant talkers were not wanting at the banquet. There was the peculiarity of this testimonial banquet that everybody present was somebody.

There were 30 persons present. Sir John Lubbock, member of parliament, who presided, presented to Mr. Walter a colossal silver loving cup, from which all present drank.

Mr. Walter, who was received with the greatest enthusiasm, declared that the honor was intended not for himself, but for the country of which he was a representative. He dwelt upon the integrity of English merchants, which, he said, was not excused in the whole world, and upon the growing connection between England and the United States.

It was impossible, he said, to conceive of other than the warmest feelings existing. Mr. Walter's speech was very witty and felicitous. He lauded Mr. Robert T. Lincoln, the newly appointed American minister to England. At the conclusion of his speech he was loudly cheered.

Sir Lyon Playfair and Mr. Justin McCarthy paid high tributes to Mr. Walter. Sir Robert Fowler said that nobody had done more than Minister Phelps and Mr. Walter to strengthen the bonds of friendship uniting the Anglo-Saxon race.

A toast to the health of President Harrison was received with enthusiasm, and was responded to by Mr. Henry White, the American chargé d'affaires.

Col. Fred. Grant, the new American minister to Austria, was enthusiastically welcomed. He bowed his acknowledgments but did not make any remarks.

The consular body in this city have presented Mr. Walter, the retiring American consul general, with a gold-mounted cane and a gold-mounted umbrella. In replying to a speech made in behalf of the donors, Mr. Walter expressed his pleasure that such a good man as Mr. New, the incoming consul general, was to succeed him.

Samoa Commission Report Contradicted. BERLIN, May 4.—An official denial is published of the report printed in The Berliner Tageblatt, of Tuesday, that at Monday's sitting of the Samoan conference, Mr. Kasson, one of the American commissioners, had asked whether a secret treaty existed between England and Germany for a partition of the Tonga and Samoan islands, and that Prince Bismarck and Sir Edward Malet, the British ambassador, had categorically denied the existence of such a treaty.

England's Position. LONDON, May 4.—The Post Berlin correspondent says it is understood that England, in the interests of the Australian colonies, will on many points support the American proposals in regard to Samoa.

King of Holland's Power Restored.

THE HAGUE, May 4.—Owing to the improvement in the health of the king of Holland, the Dutch parliament Thursday, by a unanimous vote, passed a resolution restoring his power. The announcement was received with cheers. Parliament sent a telegram to the king, congratulating him upon the favorable turn in his disease.

The Duke of Nassau, regent of the duchy of Luxembourg, in reply to the letter of the king of Holland, announcing his intention of resuming the government of the duchy on May 3, wrote that he was ready to renounce the regency at any time that would suit the king's pleasure.

The king has replied in a friendly letter, in which he expresses his desire to resume the government of Luxembourg on the same day he reassumes the government of Holland.

In Behalf of London's Poor.

LONDON, May 4.—Mr. R. T. Reid, queen's counsel, is lecturing on his plan for the better housing of the poor. He wants to give the county council the power to build dwellings for 100,000 people in different parts of London, and to raise the money for this purpose by a tax of one penny in the pound on all rents. Mr. Reid is receiving a great deal of attention from the audience he addresses, and hopes for good to result from his efforts. The London school board has

presented a petition to the home secretary against the employment of any children under 10 years of age in theatrical performances. The board intends to fight until it can gain its point in this matter, which will undoubtedly raise a very difficult question. It will especially affect the managers of pantomimes.

Foreign Notes.

The house of commons approved the main proposals of the budget. The British government, seeing no hope for the passage of the sugar bill, have virtually abandoned it.

Suez canal returns show that of the ships passing through the canal 78 per cent are British.

The National and free Liberal press of Germany demand the abolition of police agents abroad.

Count Von Munster, the German ambassador at Paris, has received the decoration of the Order of the Black Eagle.

Sir Charles Russell will arbitrate the questions between the landlord and the tenants on the Vandeleur estate on Saturday.

Trade between England and Germany during the past three months was double the amount for the corresponding quarter of 1898.

During the Whitsuntide recess Mr. Gladstone expects to enjoy a yachting cruise in the waters of Great Britain with a party of friends.

A dispatch from Cape Town announces the death of Lord Walter Campbell, the third son of the Duke of Argyll, in South Africa. His death resulted from a fever he contracted while travelling in that country.

Henri Rochefort is now at Dover waiting for the permit from the French government to go to Algeria to attend the funeral of his son. He is fuming because the permission does not come, and denies himself to all visitors.

Mr. Conyngham, Gladstonian member of parliament, for the Camborne division of Cornwall, has been convicted of violating the criminal law, and sentenced to three months imprisonment without hard labor. He has appealed and has been liberated on bail.

It is reported that King Charles of Wurtemberg, insists upon the return to Stuttgart of Baron von Sotthof, one of the American favorites, whose name is Woodcock, whom the government obliged the king to dismiss. It is believed that an intrigue is on foot to dismiss Baron Mittnacht, prime minister.

GUTHRIE, OKLAHOMA.

The Laying Out of Streets Causes Some Disension — Claim-Jumper Shoots a Lady Bomber in the Arm.

GUTHRIE, O. T., May 4.—A strong undercurrent of feeling was displayed here Thursday over the plat of the city as laid off by the city council. It appears that in order to satisfy the greed of certain settlers some of the streets were made much narrower than others, and some of the blocks twice as long as others. This plat of the city was made public Thursday.

The marshal, who by the way, has secured two corner lots for himself, began to clear streets of such obstructions as tents and frame buildings. As a consequence some have become suddenly aware that they are living in the streets. Those that were forced out of the streets, immediately proceeded to jump other peoples lots. Several were hung in effigy and men walked about with Winchester. No trouble occurred, however, and it is safe to say that the good sense that pervades the community will prevent any serious affray.

Wounded by a Claim-Jumper.

Miss Nannita Daisy, the Oklahoma lady bomber, was shot through the arm by a Santa Fe engineer named Stafford, who had jumped her claim. Miss Daisy was making a visit to her claim after filing on it and was met by Stafford, who fired three shots at her. She is not seriously injured, however. Miss Daisy has friends who have resolved to see her rights protected. It is said Stafford abandoned his engine before 12 o'clock Monday in order to stake out the claim.

Another Shot from Ambush.

KANSAS CITY, Mo., May 4.—Joseph T. Platt, who had taken a fine claim six miles from Oklahoma City, was fired upon Wednesday afternoon by some person concealed near by, the shot taking effect in his arm. He says a man tried to take the claim after he had begun improvements and he supposes this was the assailant. The fellow will be lynched if caught.

BUT LITTLE PROGRESS.

Slow Work in Identifying the Victims of the Grand Trunk Wreck.

HAMILTON, Ont., May 4.—The identification of victims in Sunday's railroad accident proceeds very slowly. So far four bodies have been identified or claimed and sent away. Edward Kelly, of Chicago, has recognized the remains of his brother, John H. Kelly, of Chicago. Mr. Kelly was in the employ of the Chicago, Rock Island and Pacific railroad, and was on his way to New York at the time of the wreck.

Henry Everts whose papers were found in the debris of the wreck, and among which were some of Adam Forepaugh's business cards, was among the killed. Mr. Forepaugh telegraphed from Philadelphia asking that the papers be forwarded to him and promising to look up Everts' friends.

Deschamps Will Hang.

NEW ORLEANS, May 4.—The jury in the case of Dr. Etienne Deschamps, charged with the murder of Juliette Deutsche, aged 12 years, Thursday afternoon returned a verdict of guilty. The prisoner was remanded for sentence. Judge Mar will sentence him to be hanged at such time as the governor may direct. Deschamps on the 30th of last January outraged the child, killed her by administering chloroform, and then attempted to take his own life in the same way, but failed.

Killed His Wife and Suicided.

EDGERLY, La., May 4.—A merchant named Midwick, living at Blair, La., shot and killed his wife and two children Thursday afternoon. He then set fire to the house and after waiting until the structure was thoroughly enveloped in flames he shot and killed himself. The bodies of his wife and children were almost wholly incinerated.

His Masonic Brethren Honor Him.

BALTIMORE, May 4.—Capt. Murrell, of the steamship Missouri, was Thursday night presented with a gold medal by the Grand Lodge of Masons of Maryland, in further recognition of his services in rescuing the passengers of the steamship Danmark.
